Comments:

Cartier is the bold, beautiful and athletic son of the legendary mare Schiaparelli. In the show ring, Cartier combined his type and talent to become 2004 Four-Year-Old Pleasure Driving Stallions GNC and 2004 Four-Year-Old Pleasure Driving WC. In 2008, he won the GN English Pleasure Stallions class, and went on to become the English Pleasure RWC. It appears Cartier is going to be a very consistent breeding stallion. All of his foals have long, upright necks, beautiful heads and all have been bay. It is highly likely he is homozygous bay as all four chestnut mares bred to him have had bay foals. Cartier's first large foal crop in 2007, was highlighted by one filly in particular, Simple Elegance, the 2008 Futurity Yearling Filly Reserve WC. Will yours be next?
