Stock for sale

Comments:

Rooster is one of the last sons of the great Courage Of Equinox out of a Grandmaster/Pepperlect daughter. He has no In Command or Flaire blood, making him an outstanding choice as an outcross stallion. He's an intelligent horse with a great temperament and a "look at me" personality. His first year out with only five months training was full of wins and championships, including Three-Year-Old Classic Pleasure Driving and Jr. Classic Pleasure Driving Ch. at New England. That year in OKC he was second in Three-Year-Old Classic Pleasure Driving and third in the Junior World Championship for Classic Pleasure Driving. His championships and wins continue, including good ribbons in Classic Pleasure Saddle. First foals 2008.
