Comments:

Congo, Flyhawk and Lippitt Jeep are classic Morgans on Jimmy's pedigree who have passed on the Morgan qualities that Jimmy exhibits today. This dark bay beauty exemplifies true Morgan type with good bone and a gorgeous topline. He is up headed with tiny tipped ears and large expressive eyes. Shown only lightly, he has earned champions and reserves in Classic and English pleasure. Consider Jim for tried-and-true bloodlines with style and pizzazz to spare when choosing your mare's future breedings.
