 Video available

Nominations:

World Futurity

Comments:

This 16-hand Park stallion is line bred Serenity Masterpiece. His get are making a huge splash in the show ring. Three out of six three year olds made victory passes in 2007 performance classes at OKC. In 2008, he had champions in several divisions, including Three-Year-Old Park Saddle and WC Mare Cherrydale Cassiopeia. Millennium is bred to be a performance horse, but also has proven to be a futurity sire with Breeder Sweepstakes winners in 2006 and 2007 plus a 2006 Yearling World Morgan Futurity Championship. If you are after bonus money, this would be a very wise investment. Millennium is definitely one of the top money-winning sires. Please refer to Triumphstable.com for more information.
