Stock for sale

Comments:

When Harvey and Myrna Grunden began breeding Morgans 40 years ago, they soon settled on the western working bloodline, finding those lines to offer all they were looking for. Their loyalty, strong legs and sharp minds made for excellent ranch stock while their quiet, friendly dispositions made them a superior choice as a family horse. The Grundens haven't strayed from that path and RG Black Dandy is an excellent example of the Morgans they produce. Large kind eye, smooth shoulder, outstanding conformation and a disposition like no other, Dandy is the epitome of their breeding program. His foals are friendly, quiet and loving, with good minds, solid muscle and a desire to please. Please come visit this beautiful, homozygous black stallion. Also standing are MUR Royal's Joyride and RG Denmark's Justa Farmer, an exciting young Dandy son. If you can't stop by, please visit the website.
