World Futurity, as requested

Comments:

While this young stallion will be beginning his breeding career in the 2008 season, as a six year old he has already amassed a show ring record that speaks for itself: He is the 2007 World Champion Amateur Park Saddle Horse -- in just his first year out of the junior ranks, garnering several Regional wins along the way. At an impressive 16.1 hands, this stretchy black horse is sure to leave his mark as he embarks on his breeding career.
