Comments:

Alert is a legendary sire of size, bone, beauty, talent and heart. He has sired stunning breeding and performance prospects for prestigious farms such as MEMC, Ragtime and Royal Gold Morgans. Better yet, these offspring have proven superb breeding animals in their own right. Alert stamps his get with his loving, mellow disposition, pretty heads and the athleticism essential for sport horse pursuits. His son, WRP Santana White Gold, was 2007 RWC First Level Open Dressage. Gold also won several 2006 USEF Horse of the Year awards. Breed your best mare to Mr. Alert. He'll make you a believer. Go to welcomeranch.com for photo collections, special breeding offers.
