 Video, pictures on request

Comments:

UDM Fortune In Gold is a son of multi-champion UDM Gold Mine and out of the park harness mare LCS She's a Pistol. He is one of the most correct young stallions with a quick intelligent mind and kind spirit. He is athletically gifted with a wonderful laid back open shoulder, clean top line, short back, good depth of hip, croup and floating stride with good scope and extension. With his natural athleticism he will be a natural at most endeavors. He will limit his introductory year to three outside mares, so please book early.
