***Pusher's High Voltage has been shown consistently since his two-year-old debut in April 1997 in Jackson, MS. Since then, he has claimed many blues at the industry's most prestigious shows, including the Spring Fun Show, Celebration, Gulf Coast Charity, Wartrace, Jackson and Dixie Jubilee, to name just a few. He is always a crowd pleaser and now he is producing crowd pleasers! Very early in his breeding career, he produced multi-WGC Shock Jock. Since then, he has also produced many other talented offspring. Not only does PHV give your foal the strong bloodlines of Pusher, Generator and Ebony, he offers size, intelligence, color and natural ability: everything it takes to produce future champions!***
