 requested.

If you are looking for a stallion that is "tried and true," with plenty of wins to his credit – here he is! This athletic, talented stallion continues to enjoy success whenever he enters the ring, almost always placing in the top three. A 15.2 horse with a 17-hand way of going, he has continued to dominate that division for almost a decade. Of particular importance to mare owners is the fact that his pleasant disposition and natural gait are being passed on to his foals. They not only have their sire's good looks, they also have lots of gait, are easy to break and a pleasure to handle. Book your mare to this industry great and get a foal with pzazz!
