

# Rise & Shine Walkers stands five unique pleasure stallions

Rise and Shine Walkers is a family-owned-and-operated Tennessee Walking Horse farm that is unique in its pedigrees, colors and location. In the heart of Indiana, we are convenient for Midwest pleasure horse riders seeking sound, smooth-gaited and colorful walking horse companions.

We have searched the nation for the best

*Indiana farm specializes in color & smooth, trail gaits.*

*Rise & Shine Walkers*

broodmares and stallions so we can raise quality colts ideal for pleasure riders who want colorful companions with good dispositions, gaits and conformation. The added bonus is color.

Rise and Shine currently stands five wonderful stallions:

The Ivory Coast comes to us via Jim Holmes, Sikeston, MO. We have several of his babies who display his outstanding conformation, gorgeous good looks and disposition.

Dusty's Desert Storm boasts an outstanding pedigree including old western bloodlines and Tennessee Golddust, one of the industry's most popular palomino stallions. He has wonderful colorful colts on the ground.

Delight's Golden Mack (Reno) is our Prides Peddler and Chances Golddust H-bred stallion. He carries a single agouti gene, interesting to breeders who want

buckskin foals.

After months of searching for a cremello stallion, we found Favorite's Cremello Ace. He pasture and hand breeds, all like a gentleman.

Coming to us from Elbert Dubar of Arkansas, our fifth stallion is Frosty's

*Delight's Golden Mack*

Reflection, a true blue roan. He carries the Rodgers' Perfection line and has a natural old foundation gait. He handles like a dream. He has some babies on the ground here at Rise and Shine Walkers that are just beautiful.

We at Rise and Shine know that in order to have wonderful foals we must have awesome mares. We have acquired several, among them mares by Gen's Major General, The Ivory Coast, Tennessee Golddust, Bud England, Push O Peak, Favorite Shade Of Amber, and Pride's Favorite to name a few.

We have horses of all ages for sale, as well as open and bred mares plus several trail-ready geldings.

If you have any questions about the color genetics of any of our wonderful stallions, please call at (765) 883-7717 or email us at [riseandshine@walking-horse.com](mailto:riseandshine@walking-horse.com).
